

FY 23 Residential Provider Quality Report

Providers in the Community Mental Health for Central Michigan Provider Network undergo an on-site review process and an event verification process. Every Residential Provider receives a full site review which includes a Recipient Rights monitor. The purpose of the site review is to evaluate each Provider's achievement toward agency standards. The event verification process includes three standards, outlined below, which monitors provider compliance with agency, state, federal, and accreditation requirements. The data in this table represents all CMHCM residential Providers that received a site review and/or an event verification review in FY 23. An annual event verification is completed for providers who score 89% or below on any of the three standards; providers scoring 90% or above receive an event verification every other year. Results are being made available for review by individuals, families, advocates and the general public. The report below provides a summary of results by Provider of the areas reviewed during the period from October 1, 2022 through September 30, 2023.

- MEV Standard 1: The date and time of the service is documented, and the documentation supports the service.
- MEV Standard 2: Services were provided by a qualified individual and fall within the requirements of the current Procedural Terminology (CPT) or Healthcare Common Procedure Coding System (HCPCS) code sets.
- MEV Standard 3: Modifiers are used following the CPT/HCPCS guidelines.
